Dear Mr Johnson

RE: Jellyfish App and Website

Thank you for making me aware of your unique app and website in recent correspondence.

It has opened my eyes to the importance of knowing what species of jellyfish are in our local areas and to be educated on different species and what safety procedures there are.

I give my full support to this app, especially as it has been developed in my electorate of Lyons.

Congratulations to you and your committee on the success of this app – being downloaded in 64 countries is a great achievement.

If you wouldn't mind, I would love to get a photo of you, to tell your story in my electorate newsletter. My office will be in touch with you soon to arrange a convenient time.

With warm regards
